Subject: **Please review ruling on Waubra Foundation**

Dear Commissioner Pascoe,

I urge you to review Assistant Commissioner Locke's ruling that the Waubra Foundation is not a Health Promotion Charity.

In claiming that no scientific evidence links the operation of wind turbines to health conditions such as vibroacoustic disease, Mr. Locke's ruling overlooks numerous peer-reviewed studies whose conclusions establish such a link.

As a published researcher whose work has been peer-reviewed, and who has in turn served as a peer-reviewer, I can attest to the scientific rigor of this process. I find the studies persuasive and believe that public policy must take account of them.

The Waubra Foundation should be deemed a Health Promotion Charity.

Thank you for your consideration.
